# SHAKESPEARE RETURNS

“Cuando logres que la gente se ría, la gente te escuchará, y entonces podrás decirle prácticamente cualquier cosa.” (Herb Gardner)

Tuesday...first class...Listening exercise... Are you also waiting for a hero to come down from the sky and rescue from the boring routine of English class?

Shakespeare returns. That is the question! And he's waiting for you... exactly where he lived and wrote his best work: In the theatre! Comedy, tragedy and most of all, passion fills this wonderful adaptation that brings together the best scenes from his plays: *The Merchant of Venice*, *Macbeth*, *Hamlet* and *Romeo and Juliet* among others. Now ask yourself if you are ready to find out the value of a pound of flesh, how first love can grow from hatred or whether you can laugh and cry at the same time.
